

Global Alliance for Feminist Transport

The first global hub on **feminist** transport and mobility.

<https://feminist-transport.org/>

Who are we?

Launched at the ITF Summit 2024, the Global Alliance for Feminist Transport is a shared initiative by three networks, with the aim of fostering more global connections and expertise for gender equity in cities.

OUR FOUNDING REGIONAL PARTNERS:

WOMEN ON THE MOVE
TRANSFORMING
TRANSPORT IN ASIA

MUJERES
EN MOVIMIENTO
WIM - WOMEN IN MOTION

Women
Mobilize
Women

“A feminist transport system is not necessarily about women or gender – it’s about human rights. It’s about how fairly we treat people. By not designing in a feminist way, you are not just shutting women out, you’re excluding the whole of society who do not meet the profile of the average male commuter.”

Anuela Ristani
Deputy Mayor of Tirana, Albania

What do we do?

We connect

- Overview of organisations
- Global Expert Database
- Whatsapp Community

We share knowledge

- Knowledge Hub
- Community News and Activities

We advocate

- Call for Impact “No One Left Behind”
- Gender Data Hub with the Transport Data Commons (TDC)
